

Discussion series «Hydrogen Economy Development in Ukraine»

Online discussion № 9

“Hydrogen economy development: from idea to projects implementation”

13 October 2022, 12:00, online

The State Agency on Energy Efficiency and Energy Saving of Ukraine together with the business community "Energy Club" is holding a series of highly specialized professional discussions on ways to develop the hydrogen economy in Ukraine.

The new hydrogen industry must be built in a way to provide Ukraine with a competitive position on the world energy arena.

Discussion participants - representatives of government, business, science, education, international and expert community - will raise and outline all the issues of the new industry development, focusing on each stage of the chain: from hydrogen production to its consumption.

Key issues:

- strategic vision;
- peculiarities of the hydrogen projects development and implementation;
- key components of hydrogen projects;
- difficulties during project implementation;
- ways of financing;
- equipment market for hydrogen projects.

Moderator – Andrii Kulykov.

For invitation:

- Ministry of Energy of Ukraine
- State Agency on Energy Efficiency and Energy Saving of Ukraine
- Ukrhydroenergo

Companies implementing hydrogen projects:

- AquaVentus
- Chariot
- Total Eren

- Enel Green Power and Saras
- GP JOULE
- TOO REC Renewable Energy Qazaqstan
- Svevind Energy GmbH
- NorthH2
- Enterprize Energy
- Air Liquide

Associations:

- IRENA
- European Clean Hydrogen Alliance
- The Fuel Cell and Hydrogen Energy Association (FCHEA)
- Polish Hydrogen and Fuel Cell Association
- German Hydrogen and Fuel Cell Association
- Czech Hydrogen Technology Platform
- Hydrogen Europe
- Folkecenter
- Roland Berger
- The North West Hydrogen Alliance Great Britain
- TNO
- Hydrogen Valley Platform
- Inycom
- Metropolregion Rhein-Neckar GmbH

Energy Companies:

- Royal Dutch Shell
- Covalion
- IDAE
- Acciona
- Axpo
- GroenLeven
- Alliander
- HyGear B.V.
- Everfuel A/S
- EDL Anlagenbau Gesellschaft mbH

- Enforce – Engenharia da Energia S.A.
- Horisont Energi AS
- Uniper
- Bayernoil Raffineriegesellschaft mbH
